

# MATHLETICS

Dear Parent or Guardian

Your child's school is now using Mathletics as an important part of its maths learning programme. Your child will have 24 hour access to Mathletics through a unique username and password\*. This means that students can work at their own pace; anywhere, anytime.

## About Mathletics

Mathletics is a web-based learning program that integrates home and school learning via the internet; it is one of the world's most used educational websites. As an online learning resource it is the next generation in learning, helping students enjoy maths and achieve outstanding results.

## Mathletics at Home

We recommend that you spend time looking at the program with your child so that you can gain the greatest understanding of how Mathletics will benefit his or her learning. As a parent or guardian, you can sign up to receive **Weekly Reports**. These reports will provide you with details on your child's progress and achievement.
