This school year has been the greatest. We've enjoyed being with Ms Blacoe and Ms Jones. We have learnt lots of things and made lots of friends. We have played lots of new games such as Gamble and Minister's Cat. Our favourite part of the year was the Sportathon. Our favourite sports in the Sportathon were Benchball and Dodgeball. We have learnt a few songs such as Foirfe, which means Perfect in English, Consider Yourself and I'll Tell My Ma. We also learned lots of Irish, English and History. We have enjoyed being Ms Blacoe and Ms Jones' students. We look forward to fifth class and learning more. Chinemelu Uduchukwu and Susan Satheesh. 4th Class.

TWILIGHT - BOOK REVIEW

My favourite book is called **Twilight**. It's about a vampire called Edward Cullen and it's about a young pretty girl called Bella Swan. It is pretty frightening but romantic at the same time. Bella Swan moves to a small town near Tennessee and finds a handsome young man who has a dark secret. The more Bella Swan gets closer to finding out Edward's secret the more she's putting others at risk! I love this book. Will she find out Edward's secret? What will happen? You've got to find out!

VOLCANIC ASH

There was a volcano in Iceland. Many flights were cancelled. People were stuck in the airport with children. My uncle was stuck in the airport. Lots of people cancelled their tickets and went home.

CHALKLINE - JANE MITCHELL

Bisto Awards's Chalkline by Jane Mitchel has won the Children's Choice Award as voted for the shadowing junior juries. Chalkline is set in Hashmir, India. It tells the story of nine year old Rafiq and his younger sister Jameela when Kashmiri Freedom Fighters raid his school looking for new recruits. Rafiq is tall enough to reach above the Chalkline which they scrawl on the classroom wall meaning he is tall enough to join them. He is taken to a training camp high in the mountains where he is forced into a life of violence and brutality. Jameela is left to rebuild life at home determined to keep Rafiq's memory alive amid the terrible rumours that reach the village. Child soldiers such as Samir Rafiq, Ahmed and others are forced to undertake the most dangerous tasks. This book is based on the author's real life experiences of travelling in the area. THE ALIENS HAVE LANDED

The Aliens have landed
They landed like a meteor
In smoke and flame
Then out they climbed covered
In slime and buried as came

Their hands are greasy tentacles
Their heads are weird machines
Their bodies look like cauliflowers
And smell like dead sardines

Their blood is liquid
Their eyes are made of _____!
And if you want to see these sickly creatures
You'll find them in your school
